Hindi
English

Certifications

Professional Certificate in SQL for Data Analysis
Microsoft Azure Fundamentals
Frontend for Java
OCI 2025 Foundations Associate(1Z0-1085-25)
Microsoft Certified: Fabric Data Engineer Associate

Pratik Salunkhe

AI Engineer | Data Engineering | Building Intelligent Systems & AI-Powered Analytics
Pimpri Chinchwad, Maharashtra, India

Summary

Computer Engineering graduate focused on Artificial Intelligence, Generative AI, and Data Engineering. I build data-driven applications, workflow automation systems, and AI-powered solutions using Python, SQL, Azure, Apache Spark, Airflow, and modern GenAI technologies. My interests include: • Generative AI Applications • Retrieval-Augmented Generation (RAG) • LLM-Powered Systems • Data Engineering & ETL Pipelines • AI Workflow Automation • Cloud-Based Data Platforms • Backend Development I enjoy solving real-world problems through scalable data systems and AI-powered applications, with a focus on reliability, automation, and business impact. Currently seeking opportunities in: • GenAI Engineering • AI Engineering • Data Engineering • AI Applications Development • Cloud Data Platforms

Experience

AB Infotech Solutions

AI/ML Developer intern
July 2026 - Present (4 months)
Pune District, Maharashtra, India

- Developed backend-integrated web applications using Python, MySQL, HTML, CSS, and JavaScript.
- Built database-driven functionalities for e-commerce and bookstore management systems.
- Designed structured MySQL database operations for user management and application workflows.
- Improved application usability and navigation efficiency through optimized frontend-backend integration.
- Collaborated on responsive web application development and feature implementation in an agile environment.
- Worked with data handling, CRUD operations, and relational database management concepts during application development.

TechLeaper Systems Pvt. Ltd.
Software Trainee
January 2024 - February 2024 (2 months)
Pune District, Maharashtra, India

- Developed backend-integrated web applications using Python, MySQL, HTML, CSS, and JavaScript.
- Built database-driven functionalities for e-commerce and bookstore management systems.
- Designed structured MySQL database operations for user management and application workflows.
- Improved application usability and navigation efficiency through optimized frontend-backend integration.
- Collaborated on responsive web application development and feature implementation in an agile environment.
- Worked with data handling, CRUD operations, and relational database management concepts during application development.

Education

Savitribai Phule Pune University
Bachelor's degree, Computer Engineering · (August 2021 - April 2025)

Ajeenkya D Y Patil University
Bachelor of Engineering - BE, Computer Engineering · (August 2021 - April 2025)

Bharat English School and Junior Collage Pune
12th std · (August 2019 - April 2021)

Priyadarshani Group of Schools
10th std · (April 2019)
